February 27, 2016 the CMA District Congregational Development Team will be sponsoring the Annual Church Leadership Workshops and we are inviting *you* and members of your church to come and experience a world-changing journey.

This year's focus will be Spiritual Leadership. Spiritual leaders connect the church to become stronger and influence the world to impact our community.. Spiritual Leaders must develop a spiritual routine that will meet both our own needs and the needs of those we lead . These workshops will restore your soul, direct your thoughts and work, connect you with ideas and inspiration.

All of our workshops will be designed to equip church leaders to bring about a personal and cultural transformation to their local congregations. The workshops will be practical, giving you the tools you will need to begin the work or to share with your congregation. Be transformed as you learn new ways of doing effective ministry in the 21st century
